Yantrisanandra Akbar Maulino

Quality Assurance at Bumi Amartha Teknologi Mandiri | Katalon |
Selenium | Postman | Cucumber | Jira | Agile |
Jawa Barat, Indonesia

Ringkasan

As a dedicated Quality Assurance Engineer with a Bachelor's degree in Informatics and cum laude honors (GPA 3.78), I have experience in ensuring software quality and performance. I have 1 year experience as a Quality Assurance Officer at PT Bumi Amartha Teknologi, and previously had an internship at Telkom Indonesia (1.5 years) and Binar Academy (4 months). My expertise includes API testing, automation, web application testing, mobile testing, performance testing, etc. I excel at creating efficient testing strategies, writing comprehensive test plans, and using advanced tools to solve problems. With strong analytical, communication and teamwork skills, I am excited to pursue further opportunities in Quality Assurance.

Pengalaman

Bumi Amartha Teknologi Mandiri
